

# PVS-14R MONOCULAR

BY STEELE INDUSTRIES

The PVS-14R is an upgraded version of the renowned PVS-14 night vision monocular, now crafted from durable, lightweight aluminum for enhanced performance and ruggedness. Retaining all the core features that made the PVS-14 a go to choice for military, law enforcement and outdoor enthusiasts, the PVS-14R offers the same optics, manual gain control and more.

One of the key improvements of the PVS-14R is the addition of a remote battery pack port, extended runtime in the field. The PVS-14R is fully compatible with all PVS-14 accessories, allowing for easy integration into existing setups. Whether for military operations, search and rescue missions or recreational night time activities, this system delivers the proven performance of its predecessor with the added benefit of increased power capacity and enhanced durability.

## TECHNICAL SPECIFICATIONS
